Assignment #0: Test

Released: September 21st, 2012

Due: 11:59pm, Wednesday, September 26th, 2012

Goal

Gain familiarity with the submission interface.

Description

In this assignment you are asked to submit one file using the electronic submission interface.

What to submit

One file, of your choosing, could even be the assignment file itself.

Academic Honesty

The work in this assignment is to be done *independently*, by you and only you. Discussions with other students on the assignment should be limited to understanding the statement of the problem. **Cheating in any way, including giving your work to someone else, will result in an F for the course and a report to the appropriate University authority for further disciplinary action.**

How to submit your assignment

We will use a Web-based assignment submission interface. To submit your assignment:

- If you have more than one file to submit, prepare your assignment for uploading, by generating a single zip file with all the files.
- Go to the class web page <http://db.cs.pitt.edu/courses/cs1520/fall2012> and click the Submit button.
- Use your pittID as the username and the password you specified at the contact information form for authentication. There is a reminder service via email if you forgot your password. You must have already submitted your contact information, if you have not yet you need to do so now.
- Upload your assignment file to the appropriate assignment (from the drop-down list).
- Check (through the web interface) to verify what is the file size that has been uploaded and make sure it has been submitted in full. **It is your responsibility to make sure the assignment was properly submitted.**

You must submit your assignment before the due date (11:59pm, Wednesday, September 26th, 2012) to avoid getting any late penalty. The timestamp of the electronic submission will determine if you have met the deadline. There will be no late submissions allowed after 11:59pm, Friday, September 28th, 2012.
